x 1 photo

Species : Brant Atlantic
(Common Name)

?
Branta bernicla
(Scientific Name)

Date(s) of observation : 10/31/93

Number of birds seen : 1 Sex : _____ Plumage : _____

Exact location: Union Res

County : Weld Nearest town : Longmont Elevation : 5,000

Length of observation : 10 min Times(s) of observation : 10/31/93 in a.m.

Other observers who saw the bird(s) with you: Bill + John Prather, Duane Nelson, Joe Harrison, Tony Esposito and many many others

Other observers who independently saw the bird(s) : Bill + John Prather and M O B

Light conditions (quality; direction relative to bird's; position) : good sun from the east

Optical equipment used : Many different scopes

Distance from bird(s) (estimated unless otherwise noted) : 1,000 feet ?

Was bird photographed?: yes If so, have you submitted photographs? yes

Who took the photographs? Tony Esposito after bird was mounted

Describe the general and specific habitat in which the bird(s) occurred :

Describe the bird's behavior (flying; feeding; habits; behaviors used in identifying the species or in supporting the identification) :

Feeding on edge of water

Describe the bird(s) in detail. This is the most important part of this report. Include overall size and shape, and how you placed the bird(s) in the general group that you did. Give complete details of plumage, including head, throat, undersides, nape, back, wings, and tail. Give particular emphasis to marks you used to identify the bird. Describe other details, such as color and shape of bill, legs, eye, (etc.) that were important in making the identification. (Fill out this portion even if photographs are submitted; you may attach additional sheets, drawings, field sketches, or copy of field notes) :

see photo

The bird in the photo was shot at Union Res about 2 miles north of Union Res.

Describe bird's call or song:

None

I have sent photo + report before!

Discuss similar species and how you eliminated them :

It was mounted and Tony + I photographed it.

What is your prior experience with this and similarly appearing species?

None have seen Brants on west coast

List books, guides, recordings, or other sources consulted and how these influenced your identification (during and after observation) :

This report was made from notes made during _____ or after both observation, or later from memory ✓

Date of written report : 11/21/99

Reporting observer : Virginia Dromi Signature : Virginia Dromi

Observer's address: 2949 University Ave Longmont CO 80503

Send report to: Bill Lisowsky, 2919 Silverplume Drive, Fort Collins, Colorado 80526
