Give complete details of plumage, including head, throat, undersides, nape, back, wings and tail. Give particular emphasis to marks you used to identify the bird. Describe other details, such as color and shape of bill, legs, eye, (etc.) that were important in making the identification. (Fill out this portion even if photographs are submitted; you may attach additional sheets, drawings, field sketches, or copy of field notes):

I noticed a fairly large black bird with pointy wings flying over the dam while I was in my vehicle talking with my son on the phone. I grabbed the camera + got a photo. finishing my call. Later, about 13:00 got a notification from Janeal Thompson of its sighting. I then realized I had taken its photo earlier.

Describe the bird's call or song: Q

Discuss similar species and how you eliminated them (note: this is also an extremely important part of the report):

GBHE - knew it was not this due to color

What is your prior experience with this and similarly appearing species? Ø
