Describe in great detail the bird's size, overall shape, plumage and color-pattern. Include details on shape of bill, wings and tail. Give particular emphasis to the marks you used to identify the bird. Reference to its resemblance in field guide descriptions is not enough. Describe what you actually saw in the field:

Mallard shape and size. Plumage darker than mallard or mottled ducks
Speculum dark purple with white trailing edge

Describe the bird's song or call, if heard, including method of delivery, i.e., from perch, in flight, etc.

none heard

Describe the habitat in which you observed this bird: captured in bait trap
on pond

How were similarly appearing species eliminated?

by variation in speculum, and plumage (darker than mallard)

Prior experience with this and similarly appearing species:

Have observed and handled thousands of mallards. Have captured a
Black duck in eastern Colorado in the past.

Books, illustrations and advice consulted and how did these influence this documentation?

None
